

The secret of happiness is health. The secret of woman's attractiveness is health. Health is responsible for the ecstasy of a lover's kiss—of a husband's love. Health makes plump, smooth neck and shoulders—full cheeks, bright eyes, red lips, a breath like flowers. All health brings out the bones, deadens the eyes and skin, whitens the lips, makes the breath unbearable. No woman likes to be hideous—no woman likes to see the love light fade from her husband's eyes. No woman need be unhealthy or unattractive. Ill health in women is nine times in ten directly traceable to some disease or disorder of the organs distinctly feminine. These things are serious, but they can be cured—sometimes quickly and easily—sometimes slowly, but always surely by Dr. Pierce's Favorite Prescription.

This wonderful medicine is designed for one single purpose—to make women healthy in a womanly way. To stop the burning, aching pain and debilitating drains common to diseased womanhood. The almost miraculous help it gives is best told by those who have used it. The following letter is only one chosen at random among thousands:

Mrs. James Schaffner, of Freemansburg, Northampton Co., Pa. writes: "It is with pleasure that I write to tell you how the great good I have received from your medicines and the local self-treatment at home. I was troubled with female weakness, had pains in my back all the time, sometimes so severe that I could not lie still in bed at night. I tried different doctors but they could not help me. Then my husband got Dr. Pierce's Common Sense Medical Adviser, and induced me to try Dr. Pierce's medicines. After taking six bottles of the 'Favorite Prescription' I feel like a new woman."

President Ripley Says the Santa Fe Company Will Spend Lots of Money.

"Between this time and next July the Santa Fe company will expend a million and a half dollars for improvements."

This statement was made to a Journal reporter by President E. P. Ripley of the Santa Fe. Mr. Ripley said:

"The road has been greatly improved during the past three or four years, but more especially during the past year. In the past year nearly a million dollars has been expended for improvements. We are replacing wooden bridges by substantial iron structures and laying new steel. About \$400,000 worth of new steel has been contracted for.

The majority of this rail will be laid on the Chicago division, but some will be laid in Kansas and Colorado.

"But little of the improvement to be made in the spring will be in the way of new buildings. What buildings are put up will be of minor importance, that is, with the exception of the new depot at Galveston. Ground for that has been procured, and a handsome new building will be erected."

"The road is in a fairly prosperous condition," said Mr. Ripley. "I feel satisfied over the year's management, and I trust the public does. No railroad in the state of Kansas is at present paying interest on the amount it cost to build it, or on the amount it would cost to build it now. The fact is, there are too many railroads in Kansas."

The Republicans increased their vote in all of the Southern States except Arkansas and South Carolina this year, the total gain being over 500,000. This looks very much like the beginning of the end of sectionalism in our politics.—Globe Dem.

Try It and See.

Whatever may be said about the publications of Rev. I. R. Hicks by those who do not fully understand the facts, there is no denying the truth that his paper and almanac have come to stay. His splendid journal, WORD AND WORKS, is now entering its tenth year, largely increased in circulation and in every way improved, until it deserves the national reputation it has obtained. His 1897 Almanac is now ready, and is by far the finest and most beautiful he has yet issued. It contains 108 pages, including cover artistically printed in colors, and is filled from back to back with just what is wanted in every shop, office and home in America. One feature of the Almanac for 1897 is a series of 12 original, beautifully engraved star maps, with explanatory chapters, which could not be bought for less than five dollars in any work on astronomy. As Mr. Hicks has so correctly and faithfully warned the public of drouths, floods, cold waves, blizzards, tornadoes and cyclones in the years passed, aside from the other varied and splendid features of his paper and Almanac, these considerations alone should prompt every family to subscribe at once for 1897. The Almanac is only 25 cents a copy. WORD AND WORKS is \$1 a year, and a copy of the Almanac goes as a premium with every year subscription. Write to WORD AND WORKS Publishing Co., St. Louis, Mo.

PUBLICATION NOTICE.

The State of Kansas, to D. L. Thurston and Ella Thurston.

You will take notice that Amanda C. Swayze as plaintiff did, on the 11th day of November 1896, file her petition in the District Court of Ford County, Kansas, against you as defendants, and join with you as your co-defendants C. M. Roberts, Marjorie Roberts and Fred Roberts setting forth that D. L. Thurston and Ella Thurston said defendants, on the 2nd day of October, 1896, gave their mortgage to Amanda C. Swayze which said mortgage is now owned by plaintiff, on the following described lands in Ford County, Kansas, to-wit: The southeast quarter of section nine (9) in township twenty-eight (28) south in range twenty-two (22) west of the sixth principal meridian, to secure the payment of the sum of three hundred and fifty dollars as shown by their promissory note now owned by plaintiff and referred to in said mortgage, and praying judgment against you D. L. Thurston and Ella Thurston in the sum of three hundred and fifty dollars now claimed to be due and unpaid, with interest thereon at 10 per cent from the 2nd day of October, 1896, and that said premises may be sold to pay the judgments on said notes and mortgage.

Said petition further alleges that the claim of each of the defendants is junior and inferior to that of plaintiff. Now said defendants are hereby notified that they must appear and answer said petition on or before the 23rd day of December, 1896, or said petition will be taken as true against them and each of them, and a judgment for said amount, and a decree forever barring them of any right, title or interest in and to said lands, after the sale thereof, and the period of redemption allowed by law, will be rendered against them, and ordering said land to be sold to satisfy any sum found to be due plaintiff on said notes and mortgage.
